SUMMARY

Full-Stack Web Developer with experience in building reliable web applications in collaborative team environments.. Brings a solid sense of ownership, responsibility, and loyalty to every project. Backed by over five years of experience leading and supporting teams of up to seven people in fast-paced professional settings, with a proven ability to communicate clearly, work under pressure, and deliver consistent results.

WEB DEVELOPMENT PROJECTS

Full-stack developer   2025
AI Learning Platform

- Developed an AI-powered learning platform for generating educational content across multiple subjects through backend integration of large language model.
- Optimized backend performance by approximately 5% by refining LLM prompts and implementing asynchronous task processing using Celery shared tasks.
- Enhanced UI/UX by implementing asynchronous UI behavior with dynamic loading states, reducing perceived waiting time and improving overall usability during AI-driven content generation.

Full-stack developer   2025
MealMind

- Designed and built a data-driven meal planning platform to streamline recipe management and meal tracking.
- Worked with Django, Pandas, and Matplotlib for data processing, visualization, and user interaction.
- Improved user planning efficiency by delivering intuitive dashboards, automated insights, and clear data visualizations to support healthier meal choices.

EXPERIENCE

Full-stack developer   2025 - 2026
Freelance

- Led a team of 3 people in designing and building a web application for audio track analysis.
- Integrated LLM to generate more accurate and context aware mix feedback.
- Optimized the audio analysis pipeline, improving single-track analysis and A/B comparison performance by ~30% through more efficient feature extraction and asynchronous processing.

Event Organizer   2019 - 2024
Overground Records, Berlin

- Planned and executed music events from concept to completion, including venue scouting, artist coordination, and logistical management.
- Built strong relationships with artists, agencies, and partners while handling communication, scheduling, and contract negotiations.
- Planned and executed marketing campaigns and promotional materials, resulting in a 15% growth in event attendance.

Team Leader / Manager   2017 - 2024
Vox Bar, Grand Hyatt Berlin

- Led a team of 7 people to deliver consistent service, managed inventory and budget, created new menus, resolved complaints, and ensured smooth daily operations.
- Improved sales performance by 10% and reduced costs by 5% maintaining guest satisfaction and high standard of service.
- Managed a high-pressure hospitality environment requiring efficient operations, strong leadership, and customer satisfaction.

SKILLS

Client - Side
React - JavaScript - TypeScript
